MRI REFERRAL

Appt Day _____ Date / /

Appt Time _____ am/pm

Bookings: 6382 3888

FAX this form to 6382 3800 or email a copy to mrbookings@envisionmi.com.au before your appointment.

Patient Details

Surname _____

First Name _____

DOB _____

Contact Numbers (M) _____

(H) _____

CONTRAINDICATIONS FOR MRI

Pacemaker / Defibrillator
Neurostimulator
Cochlear Implant

POSSIBLE CONTRAINDICATIONS

Aneurysm Clip
Stapedectomy
Morphine / Insulin Pump
AAA Stent

POTENTIAL HAZARDS

Previous metallic foreign body in eye
(e.g. from welding / grinding)

☐ Please perform Orbit X-ray
(Tick if Required)

Shrapnel

History of severe renal disease or
dialysis for patients requiring contrast
(Please provide recent creatinine levels
or arrange for blood test)

Please bring previous scans / X-rays to your appointment.

Examination Required (Please tick)

Spine:

- ☐ Cervical Spine
- ☐ Brachial Plexus
- ☐ Thoracic Spine
- ☐ Lumbar Spine
- ☐ Lumbar Spine (Hx of Prev. Surgery)
- ☐ S.I. Joints
- ☐ Sacral Plexus

Tel: (08) 6382 3888 Fax: (08) 6382 3800 Email: mrbookings@envisionmi.com.au

Your doctor has recommended you use Envision Medical Imaging. You may choose another provider but please discuss this with your doctor first.

Bookings: Tel: 08 6382 3888 | Fax: 08 6382 3800 | Email: mribookings@envisionmi.com.au

Hours of Operation: Monday to Friday 8.30am - 5.00pm | Saturday 8.00am - 1.00pm

(MRI is also available 5pm-9pm Mon-Thurs and on weekends by appointment)

Please phone to arrange an appointment or email us and we will contact you with a convenient time and day. Please email the front of this form prior to your appointment.

Envision Medical Imaging is a private billing practice with payment required on the day of your examination.

Free Parking is available at the rear of the building.

Please note: Due to a traffic island you cannot turn right into Connolly Street if heading West on Cambridge Street.

If using Public transport there is a **bus-stop** immediately in front of our building (Route No. 81, 84, 85, 91, 92, 95) Subiaco train station is less than a 5 minute stroll.

MRI Patient Information

You have been referred to Envision to have an MRI (Magnetic Resonance Imaging) scan. We take pride knowing that your imaging will be done on one of our modern wide-bore, high quality 1.5T or 3T scanners. In combination with our friendly staff, the whole experience will be far more comfortable for you, virtually eliminating claustrophobia. Most importantly, the excellent image quality allows for accurate diagnosis by our specialist MRI Radiologists.

The MRI scanner will make various tapping or buzzing noises as part of the normal process of acquiring your images. A scan of a single region generally takes between 15 - 25 minutes, though some more complex studies can take a little longer.

MRI does not use ionizing radiation like X-rays or CT scanning. The MRI scanner is however, a very powerful magnet so some patients with certain implants or metallic/electronic devices cannot have an MRI scan.

PLEASE CONTACT OUR HELPFUL MRI STAFF PRIOR TO BOOKING AN APPOINTMENT WITH ANY QUESTIONS, OR IF YOU HAVE ANY OF THE FOLLOWING IMPLANTED DEVICES

(08) 6382 3888

Pacemaker/Defibrillator	Neurostimulator
Cochlear Implant	Stapedectomy (Inner Ear)
Aneurysm Clip	Morphine/Insulin Pump
Programmable VP Shunt	Multiple Coronary Stents
Any surgical implant that has been in situ less than 6 weeks	

Most metal screws, clips & rods used in surgery are safe to be scanned as they are made of titanium (non-magnetic), but we will ask you about these on the day of your scan. You may be required to remove jewellery prior to your scan.

MRI Fee Information

Full MRI Licence on the 3T scanner – Medicare rebates available for Specialists and GP referred eligible MRI scans.

Please send your referral to mribookings@envisionmi.com.au to enable us to provide you with an accurate quotation including any Medicare rebates that may be available.

Please note that payment will be required on the day of your examination.
